

Collision Technician

Job Description

Position Overview:

Tag Towing & Collision, located in Pittsburgh, is seeking a skilled and detail-oriented Collision Technician to join our dedicated team. We're looking for a professional with expertise in automotive repair and collision restoration, committed to delivering high-quality work and exceptional customer satisfaction. If you take pride in your craft and value teamwork, safety, and precision, we'd love to have you on our team.

Key Responsibilities:

- Perform repairs on vehicles damaged in collisions, including bodywork, frame straightening, and part replacement.
- Assess vehicle damage and provide accurate repair estimates in collaboration with management.
- Maintain a clean, professional appearance for both yourself and your workspace.
- Communicate effectively with team members and customers about repair progress and timelines.
- Document all repair processes and parts used for each job accurately.
- Communicate effectively with team members and customers.
- Work a flexible schedule, including potential evenings or weekends, based on business needs.
- Assist with other shop duties as needed, such as prepping vehicles for paint or final inspection

Qualifications:

- High school diploma or equivalent.
- Technical training in collision repair
- At least 1 year of experience in collision repair or automotive bodywork.
- Familiarity with frame machines, welding equipment, and other collision repair tools.
- Strong attention to detail and a commitment to quality craftsmanship.
- Physically capable of performing tasks involving lifting, bending, and standing for extended periods.
- Professional appearance and behavior at all times.

Compensation & Schedule:

- Pay: Competitive hourly rate with opportunities for performance-based bonuses.
- Schedule: Daily home time with flexibility required for evenings or weekends as needed.
